

**Step 1**

Click the ‘+’ icon at the bottom left of the Lovable chat box.

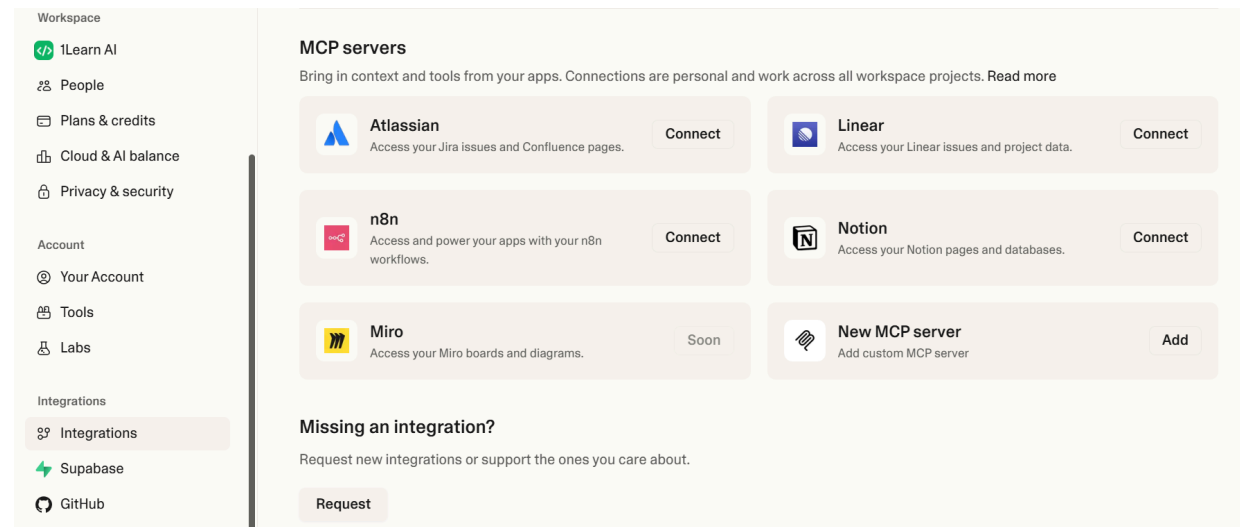

A menu will open → choose “**Integrations**” → “**Manage Integrations.**”

Now scroll down to **Supabase** under the Integrations list and click on it.

Select the Supabase project you created earlier (in your Supabase account), this will connect your app to your database so you can store user accounts, photos, and profile information.

Next :

Scroll down on the left bottom to **Integrations** below which you can find **Supabase** and click on it → Select the Project you created to continue

## Step 2 :

Next add this **Prompt** (to go step-by-step) to enable sign-in and sign-up :-

“Please Integrate Supabase and add authentication where users can sign in using mail or sign up. Also, showcase the username on the top right corner.”

## Output -

## Schedule meetings with ease

Your modern scheduling solution that makes booking meetings effortless

### Smart Scheduling

Create custom meeting links with your availability

### Time Zone Support

Automatically handles time zones for global meetings

### Team Collaboration

Multiple meeting types and scheduling options

## Get Started

Invalid login credentials

If the user has created more than three meeting links and is in the Pro Plus subscription then the button of "Create Link" is working but if the user is in the free plan, then it is getting disabled which means the features are well aligned :

### Step 3 :

Next, according to the output we get, we can add this **Prompt** :

“Its showing other user’s meeting to other and usage is also not showing correct, showing -2”

### Step 3.1 (After Testing) :

Next add this **Prompt** for features -

“Also, it is taking too much time in loading and not opening the payment window when clicking showing in console

Failed to load resource: the server responded with a status of 406 ()

Fix all errors end to end.”

### Output -

It's able to create a meet link

## Meeting Booked!

Your meeting has been successfully scheduled for  
**Monday, December 8, 2025 at 10:30 AM**

Your Meeting Link:
